

**Our ski card links 5 ski areas and 3 tourism regions!**

**Hello and welcome**

We are five exciting winter sports areas in the snow-blanketed mountain landscapes of Upper Styria. Our »Schneebären Card« links the Ausseerland-Salzkammergut, the Gesäuse national park and the Schladming-Dachstein holiday region.

Together we offer 128 kilometres of terrific pistes and endless expanses for free riding – our offering is personal, unspoilt and budget friendly, though we are constantly investing in new facilities.

**Our day ski cards** are valid for one Schneebären ski area.

**Our multi-day cards** are valid in all five ski areas and highly recommended for your winter holiday. It's entirely up to you to decide which is your favourite Schneebär area today. :-)

**Schneebären season cards** All local residents and guests who want to ski frequently and whenever they feel the urge – without thinking about day card prices – are advised to purchase one of our season cards.

Especially good value are our **new U25 card** and our packages for families, children and partners. You can save up to 40% on regular prices if you buy in advance before 15.12.2020! Your favourite Schneebär will be happy to advise you and wishes you wonderful sunny days with an abundance of powder.

*Yours, Schneebären :)*

»My Adventure Ski Mountain.«

The family-friendly ski resort Loser at Altaussee offers diversified 34km long and perfectly prepared slopes. Modern 6-seater chairlifts provide comfortable transport and allow undisturbed ski pleasure without long waiting times.

Much space for gliding, carving and running down the slopes can be found by beginners as well as advanced skiers on newly optimized slopes. The fun park »Loserfenster« guarantees pure action, while freeriders enjoy unlimited deep snow freedom above the tree line on the Loser plateau. Austria's longest panoramic family run (9000 m) invites guests for the perfect toboggan and hiking fun. A new winter path entices snowshoe and other hikers to fantastic excursions on the snow-covered Loser.

Overseen by competent ski instructors the little ones practice their first turns on skis in the Ski-Kinder-Land (children's area). Cosy ski lodges right next to the slopes invite you for a stop to enjoy regional delicacies while soaking in the glorious scenery and picturesque views over the Ausseerland. Thanks to the optimal altitude and the new snowmaking, snow will be guaranteed for snow safety and downhill skiing until spring.

## Ski Riesneralm

»A hidden gem found of the Austrian Central Alps.«

At Riesneralm, it is not the length of the ski circuit that will grab your attention, but rather the unique and exceptional range of services that are on offer. Compact, varied and of the highest quality, Riesneralm definitely deserves to be counted amongst the top Austrian Ski Resorts in its field.

There is something special for everyone at Riesneralm; whether it's the 1st Austrian Ski Circuit for Children and the fantastic ski school "Magic Snow" or the rest of the mountain which boasts 32 km of ski pistes, 4 descents to the valley floor and an extensive free-riding area. The needs of every family member are catered for here! And we hold true to our motto: "More ski time - less lift time!" - how appealing! The new valley station "Platz'l Riesneralm" is about much more than style; visitors are blown away by everything on offer - indoor ticket offices, new sports shops, "Scherz" ski and snowboard rental service...not to mention a variety of eateries. ## Planneralm

»Highest situated ski village of Styria«

In 2020, the Planneralm has significantly invested in the ski area. From the beginning of December, winter holidaymakers can now enjoy the best snow conditions at this special altitude.

This is ensured by the new and innovative snowmaking system, which provides all the natural snow with a perfect base layer early on. The children's area has also been redesigned and made much larger.

The smooth pistes and powder snow opportunities around the highest ski village in Styria have been popular with children, beginners, seniors and pleasure skiers for over 100 years. At 1,600 to 2,200 m above sea level, the snow is particularly crystalline well into spring. The Easter holidays are usually the final highlight of a long season, with still enough snow and lots of sunshine.

## Die Tauplitz

»A place that fills your heart with joy«

Lots of snow, sunshine in abundance and 360° panoramic views: Die Tauplitz is a spectacular natural setting. The biggest independent ski area in Styria, also boasting some of the best freeride terrain you can imagine and on top of that, beautiful winter hiking paths.

There is something for every skier and snowboarder on 43 kilometers of piste, mostly above the tree line: there're sporty and long runs on the 8-seater Mitterstein gondola lift for all those who have the power and ability. And

there's gentle curves on wide, snow-rich slopes of the Lawinenstein and Schneiderkogel for families and all those who want to enjoy more comfortable and relaxed skiing. That's why we get winner in the skiresort.de category for »Best ski areas up to 60 km of slopes« in 2020.
